

This map is published by the Crescent Trail Association, a non-profit organization of volunteers who plan, develop, and maintain Crescent Trail footpaths in Perinton. Monetary donations to the Association and payment of annual dues by members are charitable contributions and are the principal source of funds for all Association programs and activities, for example, to pay for tools and equipment, trail construction materials, printing and mailing of newsletters, preparation of signs and maps, and other expenses. If not already a dues-paying member, you are invited to join the Association at whatever dollar-level of membership you choose. As a member you will receive quarterly newsletters and future updates of trail maps. We also welcome donations. Thank you!

### Trail Description

Perinton, New York has been named one of the top 10 "Trail Towns" in the United States by the American Hiking Society and the National Parks Service. The Crescent Trail is the premier footpath within the Town. Over thirty-five miles of trail wind through wooded hills and scenic wetlands. The Trail connects to the historic Erie Canalway Trail and to the Rochester Syracuse & Eastern Trolley Trail.

Most sections of the Crescent Trail are single lane dirt hiking paths. The Trail provides public access to wooded hills, scenic overlooks, wetlands, open spaces, and parklands. The blazed main trail, branch trails, connections, loops, and access paths allow self-guided hikes of up to two hours. Longer, half-day or all day outings can be made as point to point hikes or by using connections with the Erie Canalway Trail or RS&E Trolley Trail.

Many sections of the Crescent Trail are on private land. The continued use of the Trail and the opening of new sections depend on users obeying posted signs and respecting the rights of owners. Also, if you see trash during your hike, please pick it up and help keep our trailways clean!

These maps are available at the Perinton Town Hall and Perinton Community Center at 1350 Turk Hill Road.
