

Whirlpool Cleaning Schedule: 2017

In an effort to have an effective cleaning schedule for the whirlpool that accommodates the needs of all visitors to the facility throughout the week, a year-long cleaning schedule is now available. The schedule has been divided as equally as possible taking into account times of the year where the whirlpool must be cleaned and maintained more often. On the dates below, the whirlpool will be closed between 3-5 hours, typically starting at 7:00AM.

All efforts will be made to follow the schedule, however, unforeseen circumstances including water quality, visitor use, chemical levels, etc. may force the whirlpool to be closed on an unscheduled date.

Thank you for understanding; if you have any questions please contact Matt at msteffen@perinton.org
