

# EAGLE SCOUT PROJECTS

## Town of Perinton

### Recreation & Parks

### 2019

#### **TRAIL HEAD KIOSKS**

At existing crescent trail parking lots informational kiosks don't exist. This project would involve co-designing, building and installing several trail head kiosk to be replicated in other parking lots as well. This can be a multi-Scout project due to large scale. There are a total of at least eight- ten kiosks required. Four are constructed at Indian Hill, White Brook Nature Center, Lyndon Road and Horizon Hill.

#### **POTTER PARK COMMUNITY GARDEN**

1. Rebuild 2-3 handicap accessible raised garden beds. The existing ones are 6 years old and starting to rot.
2. Turn mulch into lawn in 3 rows at the community garden raised beds. This involves the removal of mulch, adding top spoil and grass seed. This project will need coordination with gardeners to gain access.

#### **COMMUNITY KIOSKS AT FIELDS**

Build and install several (7) kiosks for community and athletic team use. For fields at Kreag Road Park (1), Fellows Road Park (2) and Center Park West/ East (2) and Spring Lake Park (2). The kiosk Eagle Scout project that can be accomplished by several scouts.

#### **WALKING TRAIL BOARDWALK RE-CONSTRUCTION**

Re-build approximately 100-feet of an at-grade boardwalk associated with a walking trail through/around the Deer Run Subdivision Ponds. The existing boardwalk is 4-feet wide constructed with pressure-treated decking on a 4x4 frame. The project will involve re-building the boardwalk with the same dimensions along the same alignment. This project may require and be accomplished by several scouts.
